Abstract: Subtitle C of Title VI of the Omnibus Public Land Management Act of 2009 (Act) (Public Law 111-11) authorizes the Secretary of the Interior and the Secretary of Agriculture to develop a Wolf-Livestock Demonstration Project Grant Program (WLDPGP) to:

- Assist livestock producers in undertaking proactive, nonlethal activities to reduce the risk of livestock loss due to predation by wolves; and
- Compensate livestock producers for livestock losses due to such predation.

The Act directs that the program be established as a grant program to provide funding to States and tribes, that the Federal cost-share not exceed 50 percent, and that funds be expended equally between the two purposes. The Act included an authorization of appropriations up to \$1 million each fiscal year for 5 years. The U.S. Fish and Wildlife Service Endangered Species Program will allocate the funding as competitively awarded grants to States and tribes with a prior history of wolf depredation. States with delisted wolf populations are eligible for funding, provided that they meet the eligibility criteria contained in Public Law 111-11.

The following additional criteria apply to all WLDPGP grants and must be satisfied for a project to receive WLDPGP funding:

- A proposal cannot include U.S. Fish and Wildlife Service full-time equivalent (FTE) costs.
- A proposal cannot seek funding for projects that serve to satisfy regulatory requirements of the Endangered Species Act (ESA) including complying with a biological opinion under section 7 or fulfilling commitments of a Habitat Conservation Plan (HCP) under section 10, or for projects that serve to satisfy other Federal regulatory requirements (e.g., mitigation for Federal permits).
- State administrative costs must be assumed by the State or included in the proposal in accordance with Federal requirements.

We will publish notices of funding availability on the Grants.gov Web site at <http://www.grants.gov> as well as in the Catalog of Federal Domestic Assistance at <http://cfda.gov>. To compete for grant funds, eligible States and tribes must submit an application that describes in substantial detail project locations, project resources, future benefits, and other characteristics that meet the Wolf-Livestock Demonstration Project Grant Program purposes as listed above. In accordance with the Act, States and tribes that receive a grant must:

- Maintain files of all claims received under programs funded by the grant, including supporting documentation; and

- Submit an annual report that includes a summary of claims and expenditures under the program during the year and a description of any action taken on the claims.

Materials that describe the program and assist applicants in formulating project proposals will be available on our Web site at www.fws.gov/grants. Persons who do not have access to the Internet may obtain instructional materials by mail.

Comments: On April 2, 2012, we published in the *Federal Register* (77 FR 19682) a notice of our intent to request that OMB approve this information collection. In that notice, we solicited comments for 60 days, ending on June 1, 2012. We received one comment in response to that notice. The commenter objected to this grant program, but did not address the information collection requirements. We did not make any changes to the requirements.

We again invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and

- Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

Dated: October 18, 2012
